

"IT'S UNIFIED AND IT'S A THEORY BUT IT'S NOT THE UNIFIED THEORY WE'VE ALL BEEN LOOKING FOR."

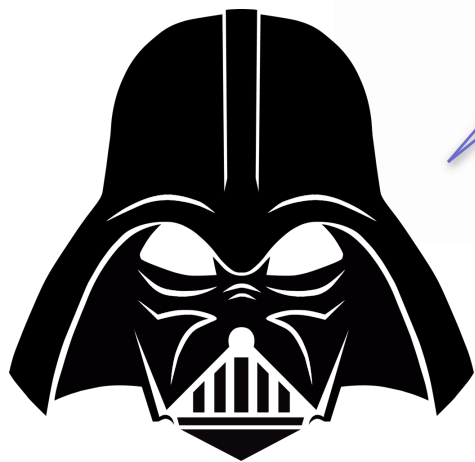

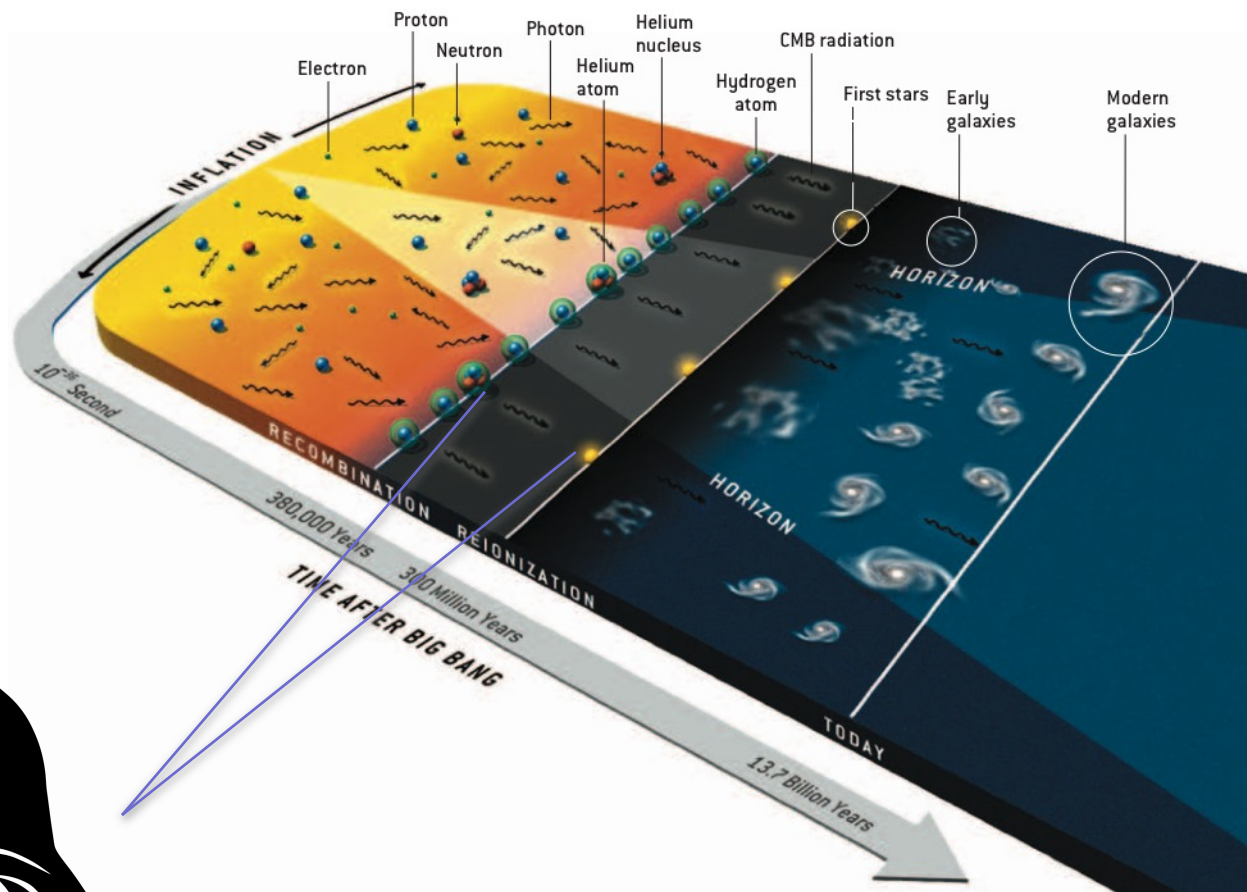

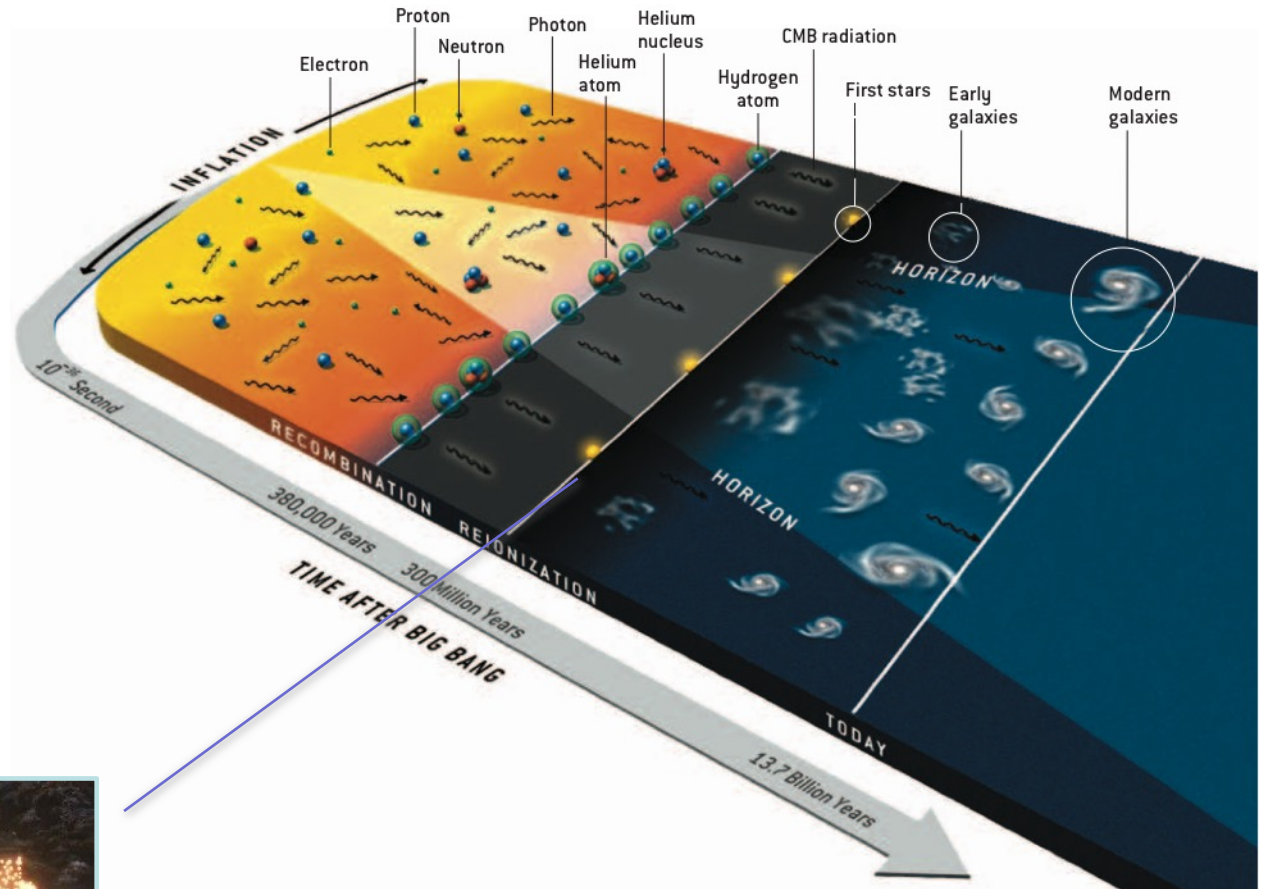

physics of the early Universe

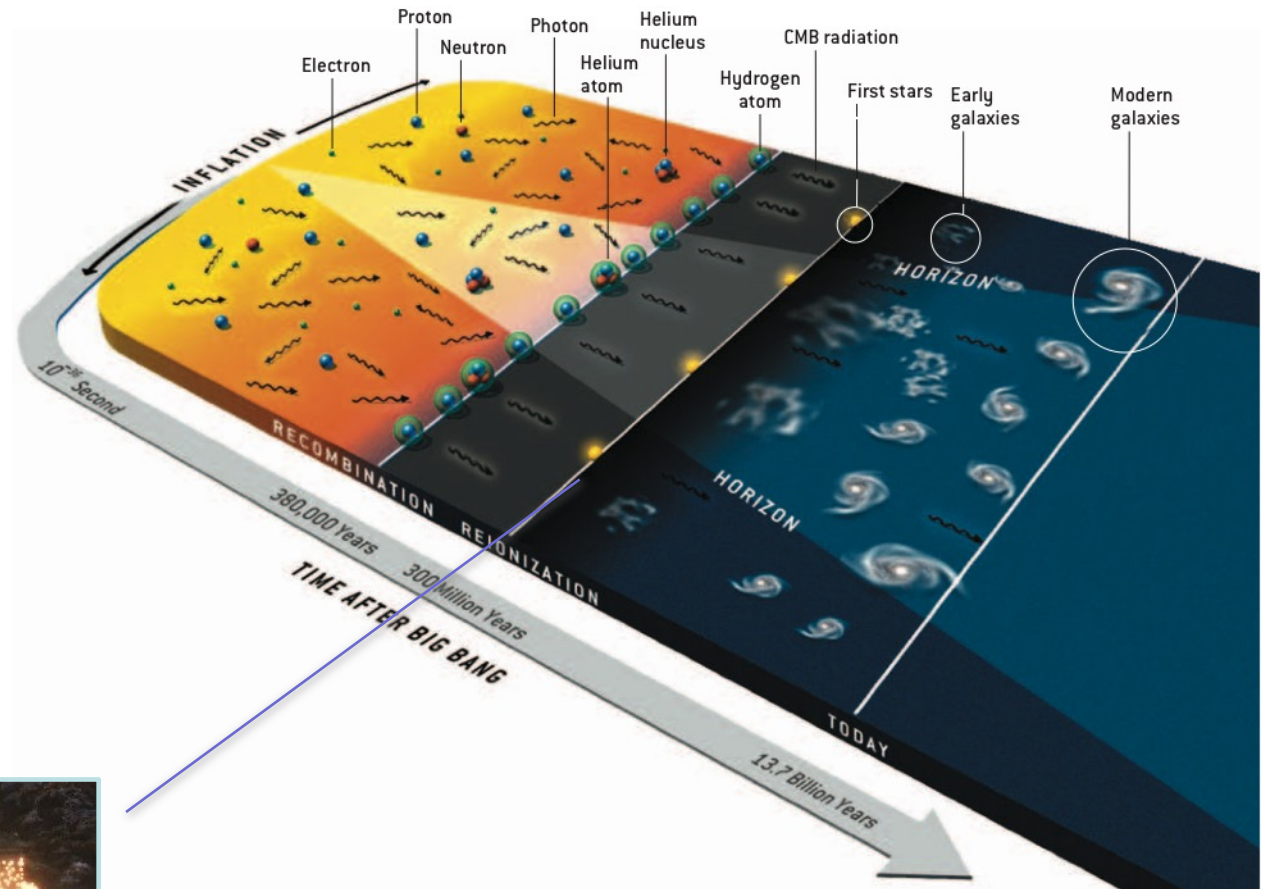

cosmic microwave background radiation

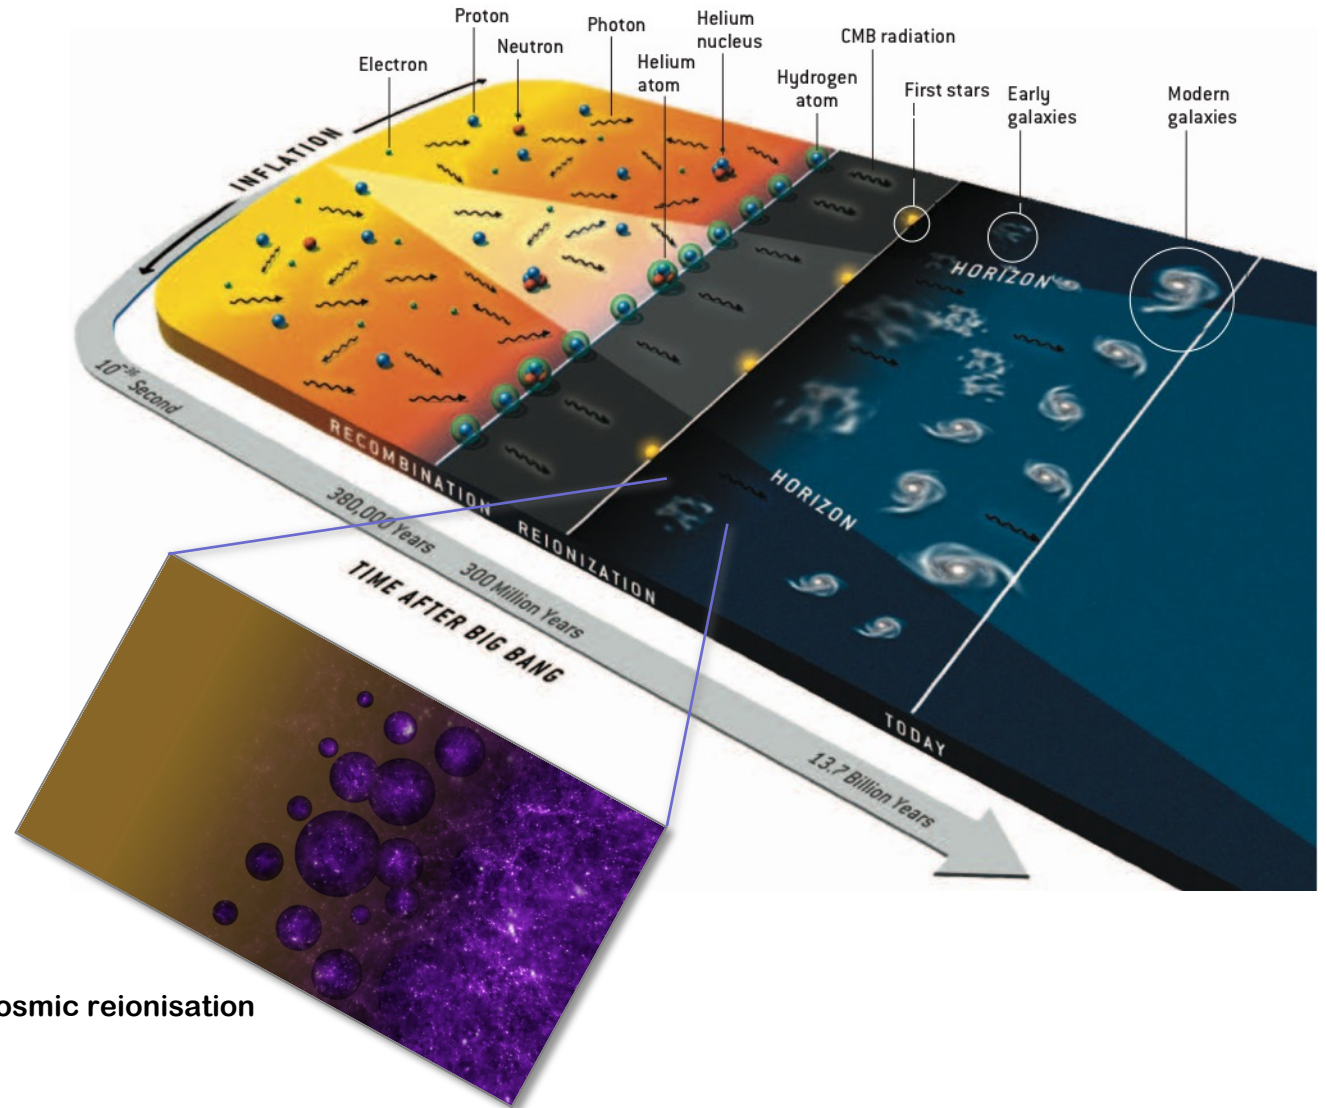

the dark ages

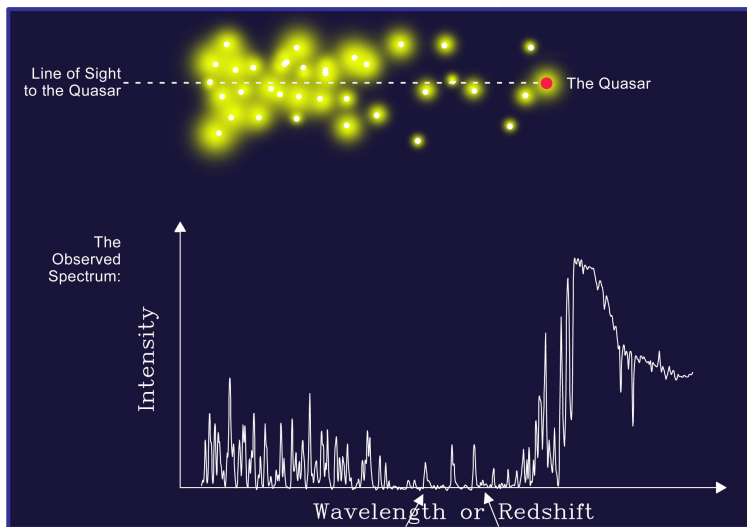

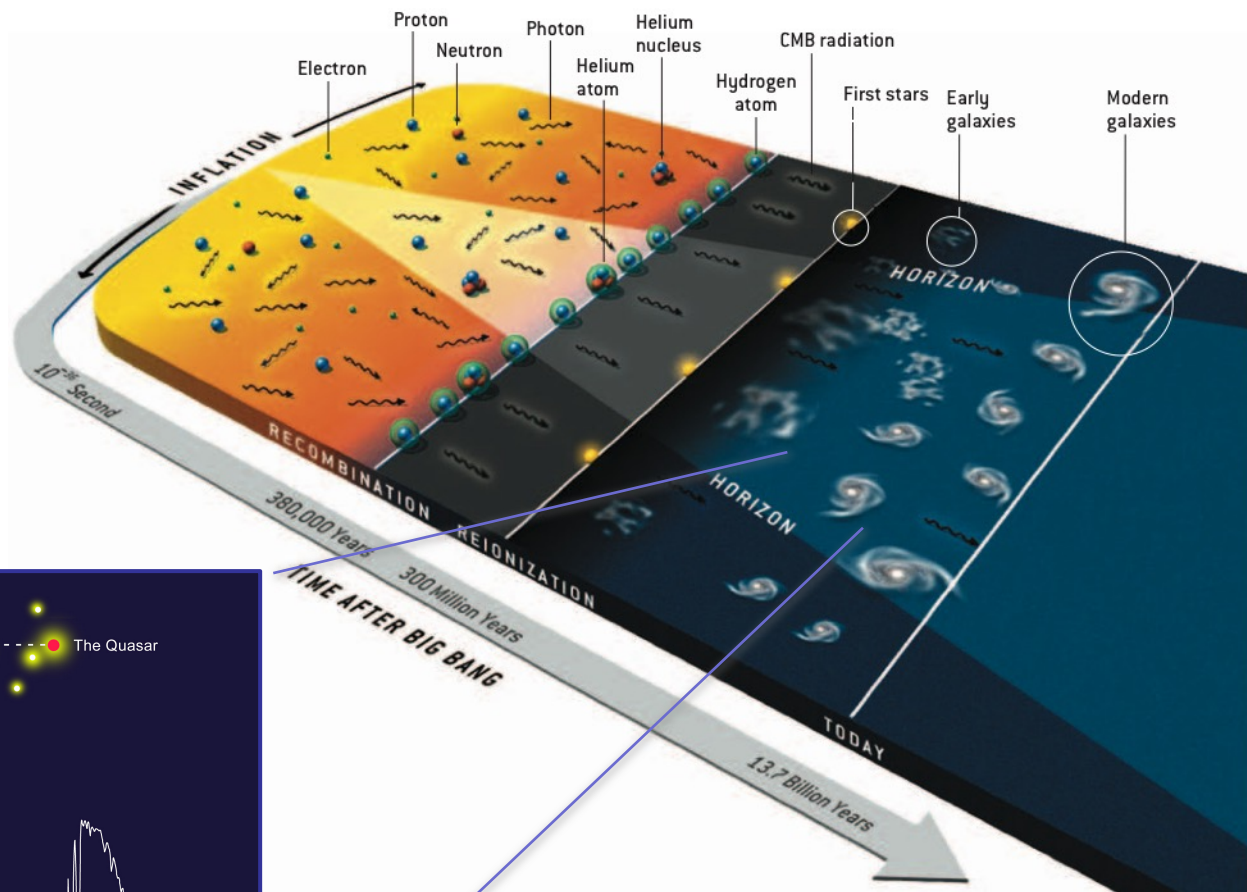

let there be light!

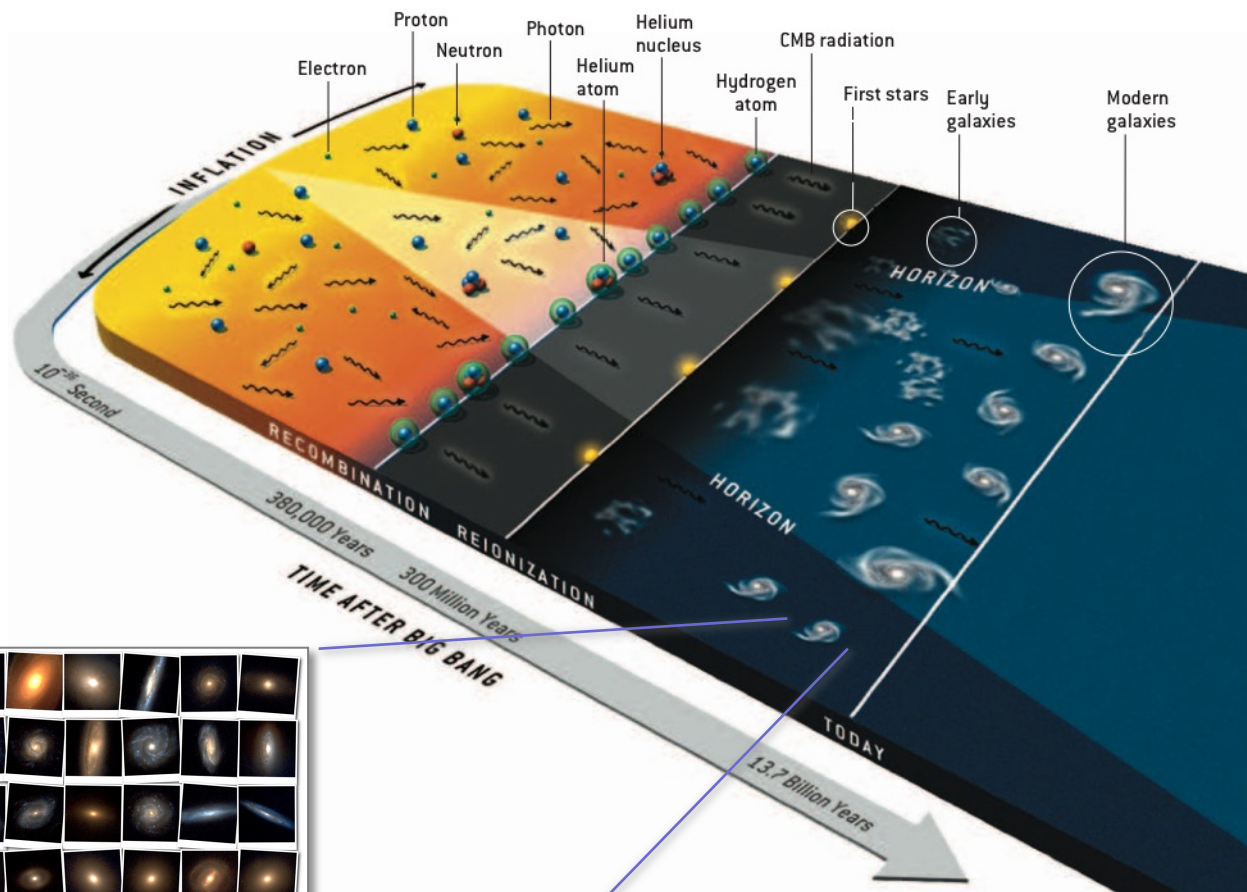

let there be light! → radiative processes...

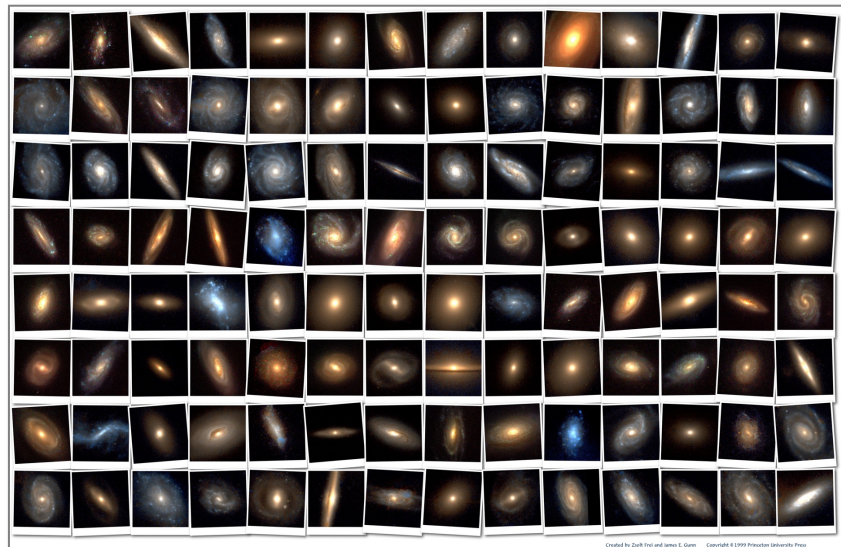

the intergalactic-medium

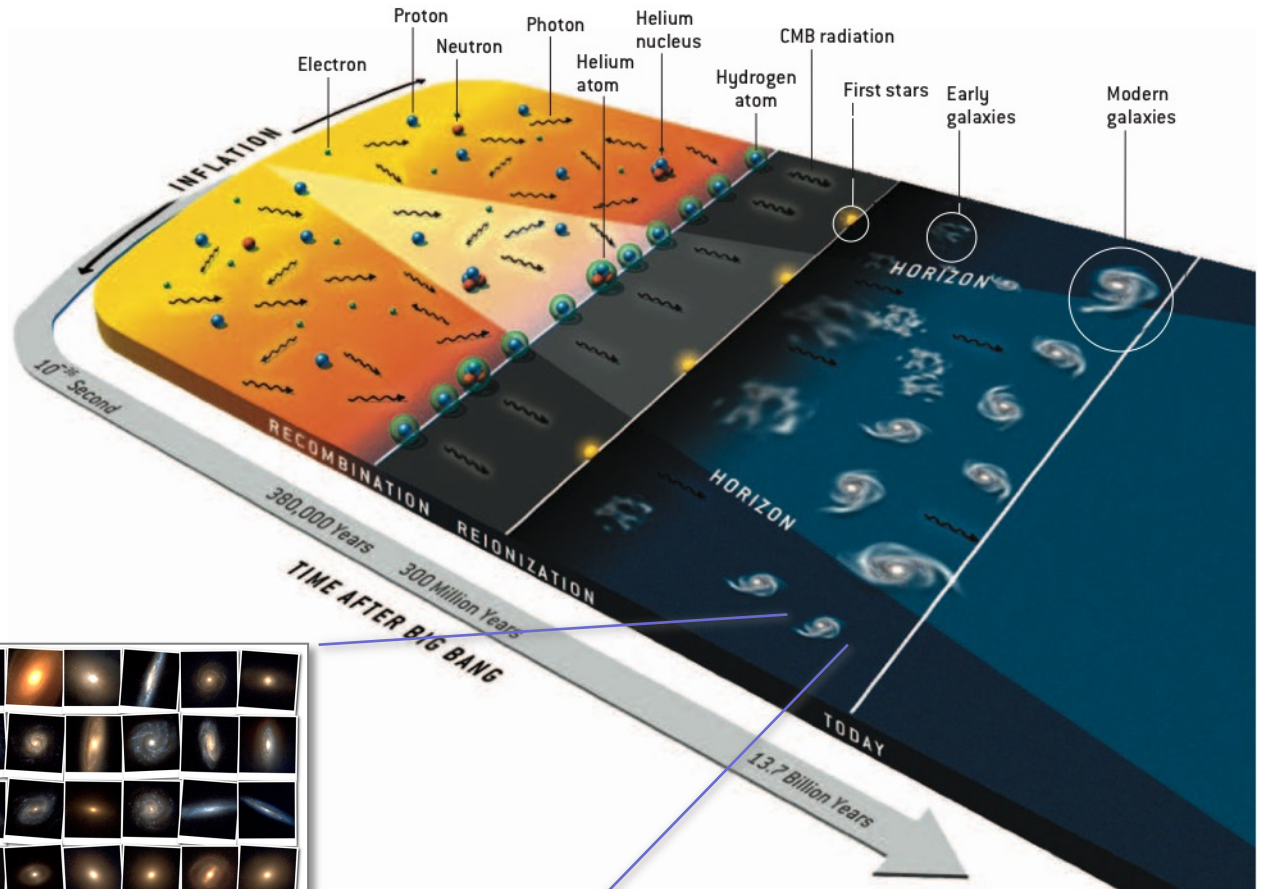

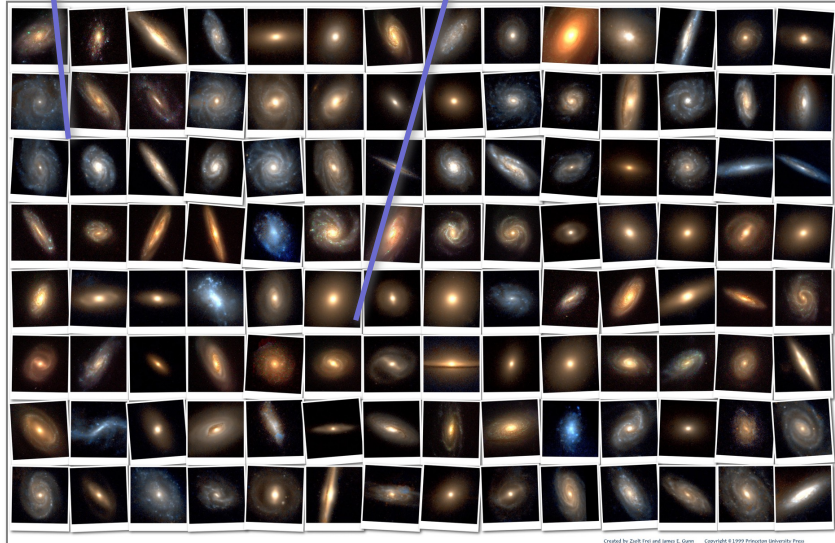

the galaxy zoo

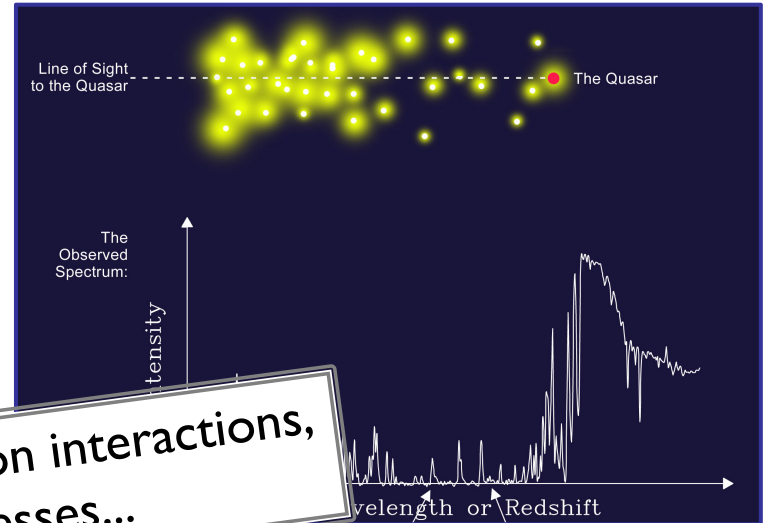

clusters of galaxies

the galaxy zoo

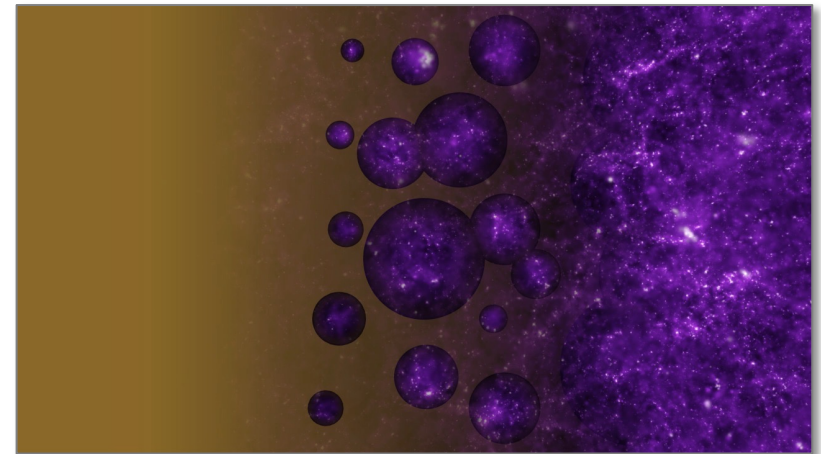

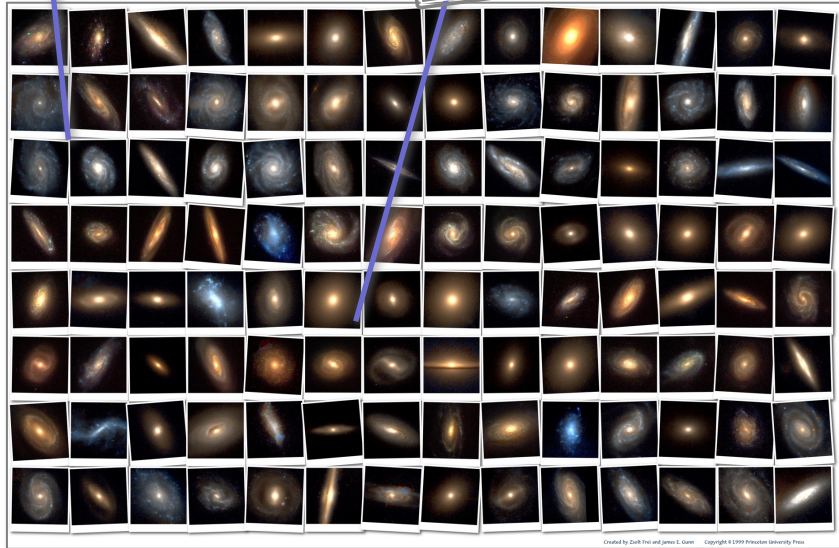

clusters of galaxies

the intergalactic-medium

all including matter-radiation interactions,
i.e. radiative processes...

the galaxy

cosmic reionisation

- galaxy formation
- galaxy clusters
- 21-cm cosmology
- the inter-galactic medium
